PK 2007-2/410: This Lion is made by **Summit Art Glass of Ravenna, Ohio**, in many, many different colours. I don't know when they were introduced but it was some time **after 1972** when this factory opened and I believe that they are still being made. I think that they introduce a few new colours each year. **The "V" mark is for Vogel song**, the surname of the owners Russell and JoAnn.

PK 2007-2/399: These little covered salt dishes marked with a "**B in a diamond**" are all made by **Boyd Crystal Art Glass of Cambridge, Ohio**. Again these

are all contemporary. Boyd also introduces several new colours each year. Here **1993-1998** - "**Scottie Dog Salt**".
